

The YCHS counseling team would like to welcome the class of 2024 to the Honker Flock!

We know that this is not the ideal way to start your high school journey, but our goal is to make this transition as seamless as possible and to be here to support you. By now, you should have picked up your schedule and books from the school site, and viewed your schedule on your student portal. On both your paper schedule and online, it should show your counselor's name. This will be your counselor for all four years here at YCHS, so it will be one of the most consistent adult/student relationships you will have while in high school.

Your counselor is your advocate and is here to guide you not only in your academic/career pursuits, but also in your social/emotional growth. During this time, we hope to do this through e-mail, phone calls and google/zoom meetings. During a "normal" school year, counselors visit freshmen classes and provide information on graduation requirements, college entrance requirements, and how best to utilize resources. This year, we will do our best to upload this information to our counseling website, so please check the website throughout the school year. Also in a regular school year, each freshmen would meet with their counselor to discuss their four- year plan. We hope to continue this event, and will keep you updated as to when and how it will take place.

One of the most important things to remember this school year is that we are all freshmen when it comes to navigating distance learning and the new block schedule. Have patience, ask for help when needed, and do your best work.

The YCHS counseling team is here for you, so please do not hesitate to contact us.
